but fails to teach or suggest the Applicant's steps of performing a second metal sputter operation upon the substrate, following the chemical mechanical polishing operation performed upon the substrate and the layers thereof, and performing a second lithographic operation upon the substrate and the layers thereof following the second metal sputter operation performed upon the substrate, in order to define a shape of the micro tip as recited in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
